At Rincon Park

Pony League starts play Saturday

Residents of Campbell will get a preview of the many future possibilities in store for the community from a recreational point of view when the Campbell-Moreland Pony League opens the 1969 season in the modern ball field at the city-owned Rincon Park.

WORK PARTY

Pony League players who will cavort on the diamond this summer got in condition for the season by doing hard labor in getting the field ready.

Manning shovels and wheelbarrow in the top photos are John Lupo, Mike McKinney, Dan Nelson, Steve Judd, Jim Oswald and Greg Oswald.

Doing the drag strip on the base paths are Jim Oswald and Steve Judd.

The attractive ball park, complete with new turf, concession stands and fence, under a special arrangement with the city, has been built with volunteer labor. Much of the material for the installation has also been donated.

Adjacent to the ball park, rated as one of the best in the entire Valley, is the eight-acre parcel that will be purchased by the city for park expansion, if the $625,000 park bond issue is passed on June 10.

City officials, civic leaders and league officers will take part in the opening ceremony on Saturday at 10 a.m. when the ball park is officially dedicated. Following the ceremony the first league games of the season will be played.

For weeks, both adults and Pony League players have been working long hours to get the park completed for the opening day.

The accompanying photos give some indication of the man-boy- and woman hours that have gone into the biggest volunteer project in the history of the community.

Chuck Cannady, ably assisted by dedicated Pony League leaders, has been the "ramrodder" on the job.

Topless joint defies city law

First arrests under the city ordinance prohibiting topless entertainment within the city limits were made by the Campbell Police Department last Friday and further arrests are contemplated, according to Police Chief John D. Morgan, as long as the violations continue.

Arrested last Friday were Michael D. Poulin, of 3133 Williamsburg Dr., San Jose, owner of The Classy Chassy on S. Bascom Ave., Campbell. Arrested with the owner were two topless entertainers.

Prior to the arrests on Friday, the operators of the local beer tavern had given wide publicity to the fact that they planned to open last Thursday night with topless entertainers.

They intended, they maintained, to test the constitutionality of the Campbell ordinance that was adopted on March 24 on the basis that the city had exceeded its authority in attempting to regulate such operations.

A large sign had been placed over the entrance prior to the announced opening stating: "Topless Bust-Chief Morgan Welcome" in reference to their defiance of the police and particularly the chief.

Prior to the opening, most news media had been notified what had been planned by the operators in the way of entertainment for the first night. But the opening was sort of a bust from the point of fanfare and publicity.

Although TV and other reporters were present, the police did not make any arrests at the time. They took the evidence and made the arrests on Friday afternoon after the

MRS. PATRICK SULLIVAN

Press picks 1969 mother

Apropos of Mother's Day (May 11), The Campbell Press this week has begun a "tradition" by selecting Mrs. Patrick J. (Maggie) Sullivan, of 2289 Wren Way, as "mother-of-the-year" for Campbell for 1969.

The mother of eight children, all under the age of 10, Mrs. Sullivan, in addition to directing her well-organized household, has found time to take part in many school and church activities.

She is also the first to help out her neighbors in times of illness and still finds the time to go square dancing with her husband, Pat.

The Press proudly salutes Maggie, who will receive a plaque from the newspaper commemorating her selection. A number of the merchants have also donated gifts for Mrs. Sullivan.

More details and photos of the mother-of-the-year with her brood and husband will be found on the back page (page 14) of this issue.

Overpass plans go to City Council

That long-awaited Rincon Ave. pedestrian overpass, to be financed by four different agencies but under county direction will move a step nearer reality next Monday, May 12, when the working plans will be presented to the City Council for approval.

The overpass will be financed in a unique joint arrangement in which the county foots the bill for $50,000; the City of Campbell puts up $25,000 while the Campbell elementary school district and the City of San Jose pay $12,500 each.

The working drawings have been drafted by the county public works department and show the overpass centered on Rincon Ave. The City officials have always indicated that

You SHOULD get involved!!!

In an editorial on page 2 of this issue, The Campbell Press urges the citizens and clergy of this community to get directly involved in an issue that affects us all.

The Press suggests that the citizens appear at the next City Council meeting on May 12 to give the city administration support in the legal battle involving the outlawing of so-called topless entertainment within the city limits.

The Press contends that this flaunting by a local beer tavern of a city law and its disrespectful attitude toward this city's law enforcement personnel is an insult to all of us.

The basis for the city ordinance adopted March 26, 1969, is spelled out in it: "...The City of Campbell is a community of homes, churches and schools and the conduct of such activities is contrary to and offensive to the moral, educational and cultural standards of this community"....

If you agree with that concept, don't you think that you should let the City Council know by attending the City Council meeting May 12?

Planning Commission balks at increase in apartment units

Planning Commission members on Monday night indicated disfavor with a proposed apartment complex to be located at 629 Hacienda (the site of the former Big Boy Market) which would put 242 units on the 6.3 acre parcel, the maximum density allowed.

The commissioners claimed that when the property was rezoned for apartments, the previous owner had reduced the units to 182 and would not favor upping the apartments.

The new applicants claimed, however, that they had nothing to do with the previous owner and that the city ordinance allowed 242 units and that was what they had applied for. The application was submitted by Paul Bogdanich.

The matter was continued to the May 19 meeting to allow the applicant to make possible adjustments in the plans for the three-story, flat-roof apartments with considerable underground parking.

The Commission approved the plans for David and Dolores Murphy for a children's day nursery at 3225 Winchester Blvd. which would be in a former residence. The action came after City Attorney Joe Bonacina had ruled that the nursery was not a commercial type of operation which would be prohibited under city ordinance.

Other plans approved by

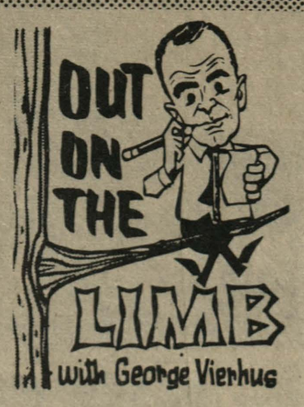
Urging her fellow Campbellite on is Mrs. Jerry (Rose) Gomes.

Both women are wearing the Daisy flower which has just been selected as being the Campbell flower. The street sweeping contest was held this morning in Burbank on the Universal City studio. Mrs. Auger is the official representative of the Campbell Chamber of Commerce. She is also president of the Campbell Jay Cettes.



JUST HAPPENED TO glance at the "It Happened On This Date" feature (April 29) in the San Jose Merc and came across this item of 40 years ago: "San Jose's Fiesta de las Rosas float won first prize in the Pasadena Raisin Festival"....

We cringed.

Having grown up in the San Joaquin Valley, we recognized that what was meant was the Fresno Raisin Festival which, as Ira Kirkorian, another old Valleyite probably nostalgically recalls, was the BIG event of the year in the Valley.

It was held in the late spring. One of the features that developed from it was the West Coast Relays which was (and is) sponsored by Fresno State College.

The Raisin Festival sort of disappeared through malnutrition but the West Coast Relays has continued on.

What was sort of interesting in the Merc item, however, was the reference to San Jose's Fiesta de las Rosas which, as most of you know, has been revived this year.

But, really, that wasn't our point in this long-winded diatribe.

There never was such a thing as a PASADENA RAISIN FESTIVAL.

Shucks, the people in Pasadena hardly knew anything about raisins.

It was roses down there and raisins in the sun-drenched San Joaquin Valley. We ought to know. We used to pick grapes and put 'em in the trays to dry.

The Pasadena Rose Festival (with the Rose Bowl) has been going on for years and years, and is always held on New Year's Day.

Admittedly all this is nitpicking.

Still there is a great deal of difference between a rose and a raisin.

Of course, they say, a rose by any other name would smell just the same; even if it's a raisin.

But let's get off the subject.

WEEKEND GARDENERS are a special breed, in case you haven't noticed.

Those of us who attempt to "grow things" sometimes develop theories about "green thumbing", which may or may not be according to "the book" or even similar to those of other amateur or professional gardeners.

For example, take our personal situation as case in point.

As we have told you before, we operate under the theory, as far as gardening is concerned, that the straight line is the shortest distance between points, if you know what we mean.

Somehow things do grow for us, (especially weeds) although we try to find things that take the minimum of care.

Weekend gardening for us is a necessity mixed with pleasure. Sort of.

We became embroiled recently in a technical (to use the term loosely) "theoretical" discussion with Bill Means, a weekend-plus gardener who takes his avocation seriously and he has a garden show place to show for it.

Bill claims that watering plants was an art, more or less. You carefully fill the basins around each and all that.

But we hold to the short run theory.

Put the sprinkler out there and let the drops fall where they may.

Bill was fit to be tied. Last year he wagered with real money that our "garden" wouldn't produce because of our slipshod care.

He "graciously" paid off.

For the record, our garden did furnish the Means' with nice green peppers and egg plant last year. There was some problem over the pears, mostly

Editorial

Lets be counted

The Campbell Press is asking the citizens of this community to stand up and be counted.

This paper submits that the action taken by a beer bar on S. Bascom in openly flaunting a city ordinance that prohibits topless entertainment within the city limits is an insult against the citizens themselves of this city.

And deserves an answer from the citizens.

We hold that the sign that was placed on the front of the tavern which reads "Chief Morgan Welcome" is not only in poor taste which is, of course, what we would expect from that type of operation, but it also is so derogatory in its intent and implication that it is a reflection on all of us.

We think the vast majority of the citizens of this community feel the same way.

BUT, unfortunately, most of us seem content to sit back, rave a bit within the confines of our homes or in small groups, and let it go at that.

Or say, "let the police and the city handle it".

And that, friends, is what we mean when we maintain that it is time to stand up and be counted.

Let the City Council, Police Chief John Morgan and City Attorney Joe Bonacina KNOW that you appreciate their position and that most of the citizens of the city agree with their action to prosecute violators of a city law.

In this day and age when in many instances it appears to be the popular thing to do to openly defy law and order, we submit that here is the opportunity for the substantial citizenry of this city to make themselves heard.

It is not enough to harangue about it in your home or from the pulpit.

The City Council meets again on Monday, May 12.

We urge you to appear IN PERSON and indicate to the councilmen that you SUPPORT their stand and that you are proud of Chief Morgan and his police department.

Under Chief Morgan the Campbell Police Department has built up an enviable reputation of which we all can take pride.

Then why should we allow a two-bit operation to detract from it without a fight?

Some will say "ignore it", assuming, we suppose, that it will go away.

Others of you will say that you don't want to get involved. In a sense you really mean you don't want to stand up and be counted.

Or to paraphrase, "let John do it".

We say nuts to that.

If you can get exercised enough over a minor zoning issue to attend a City Council meeting and berate the councilmen for not acting the way you want them to, then by the same token it seems to us that you can take the time to attend a council meeting to tell them that you appreciate what they are doing for the benefit of the town.

For those who say that by prohibiting topless entertainment the city is infringing on private enterprise and the city has exceeded its authority, we say let the courts decide.

BUT let the courts, the city administration and our police department KNOW that the people themselves feel that the city is acting properly.

WE feel that this is an opportunity for the clergy, both Protestant and Catholic, of this city to also stand up and be counted other than just within the confines of their pulpits.

Surely, if they feel that an election is a serious enough matter to mention from the pulpit, then it follows that supporting action by the city in a matter of this type is just as serious.

We urge the clergy of this community to take the lead and from their pulpits encourage the members of their congregation to appear at the City Council meeting on May 12 in support of the pending legal action.

Surely this is a matter in which they should be interested.

In fact we all should be without even the urging of our minister or priest.

We hold that there is no need for this type of operation within this city.

Those who desire to be entertained in the topless fashion can go elsewhere to find it.

There happens to be a city ordinance now on the books that prohibits that type of entertainment.

A local beer tavern has seen fit to challenge the city and, in our opinion, in doing so has insulted this city's outstanding police chief and his men.

And in doing so has insulted all of us.

Why then should we take it sitting down.

That's what we mean when we ask you to stand up and be counted.

Will we see you at the City Council meeting, May 12?

semantic, however.

The tree produced just one pear.

There was some argument over this feat, as the bet was concerned.

It seems that wording of the wager was slightly vague.

It was all done originally so it was argued that a PAIR was two, thus the tree would have to have a pair of pears.

But Bill did pay off.

-0-

HE CAME BACK strongly this year again, claiming that our tomatoes, cucumbers, egg plant, lettuce and onions are not going to flourish, unless we shift to the basin means of irrigating instead of the catch-as-catch-can sprinkling system that we employ.

We submitted that there were spots in this world of ours that produced darn good vegetables that were dependent on rain altogether which, according to our observation, came down from above similarly to sprinklers.

We would like to hear from other weekend gardeners as to their theories on the subject.

But in the meantime, back at the ranch, when the Means' return from their vacation, we hope our garden again will be proudly sprouting.

"THE TOWERS", which is rising so majestically into the zone of Campbell Ave., has caused a number of amateur "structural engineers" to put in their two-bits worth about how the building should be built.

Some of these "experts" have expressed concern because they have not seen or heard any pile-drivers at work on the construction.

It seems that a pile-driver is associated with such type of construction in the minds of many people.

No pile-driver as such has been used so far on "The Towers" because the columns are into the earth a good ways embedded in concrete and all that.

Although we lay claim to being the number one "sidewalk superintendent" in town with respect to "The Towers" we do not make assertions as to the technical aspects of the project.

We just stand there with open mouth and gawk a lot.

We may be able to explain pretty well how a weekly newspaper operates and after years of exposure in the field, we probably can be classified as a pro in that particular area.

But our knowledge of structural engineering is far less than even limited.

All we know is that "The Towers" from the beginning is the most dramatic construction job we have ever been privileged to witness from the ground up.

And it is getting pretty "up" right now.

Or had you noticed?

-0-

NOT BEING OBSESSED with self-modesty to a great extent, we enjoy reading the outputs of fellow columnists on a sort of comparison basis with our own drivel.

For example, we quite regularly read Earl Wilson's syndicated gossip column which is generally datelined New York. He "name drops" like crazy. Famous people in the entertainment world and political whirl move through his column.

It's a different world for us but the guy does write rather well.

Imagine our surprise not so long ago to read in Wilson's column an item about Campbell's own Craig Morton, the All-American from Cal who is now with the Dallas Cowboys.

Wilson mentioned that Craig had been jumped on by six thugs while in New York. But added no other details.

We learned later that Craig took care of two of the hoods nicely. He was breaking even on the other four when a buddy of his came into the fray. Then the thugs took off.

-0-

MORTON SUFFERED only minor injuries, fortunately, and apparently that million dollar throwing arm was not affected.

It was learned later when the six hoods were picked up that they had thought Craig was someone else, a case of mistaken identity, so to speak.

That was before Craig made his appearance in Campbell at the opening of the Little League and the guy certainly did not look any worse for wear.

Craig's appearance at the Little League opener was a great break for the local kids and they showed their admiration for him by virtually mobbing him for his autograph.

We think it was great that Craig showed up in his hometown for this big event for the small fry.

It gives you an idea what a real decent, clean-cut young man he really is and always has been, a credit to his town, his school and his family.

Being a nationwide figure hasn't changed him either.

Incidentally he was following a pretty tight schedule while in town.

He flew in on Friday night and was at the ceremony at 9 a.m. Saturday...and caught a plane out at 2 p.m., after throwing out the first ball for the three leagues that started play; making a short speech, and signing countless of autographs.

Six apply for commission job

Six "candidates", including a high school youth, who have indicated their interest in serving on the Planning Commission will be interviewed tonight (Wednesday) by a special four-man committee.

The committee, composed of Ralph Doetsch and Bill Smeed, councilmen, and Jack Healey and Ed Pack, planning commissioners, is expected to make a recommendation to the City Council on Monday, May 12.

The vacancy on the Planning Commission exists because of the recent resignation of Kel Young who was serving as chairman at the time.

Those who have "filed" include:

Russell Hammer, 17, 1297 S. Clover, San Jose, a student at Del Mar High; Maclyn L. Morris, 1325 Dry Creek Rd., Campbell, real estate agent; Norman Paul, 44 W. El Caminito, Campbell, a theater owner and public relations director; Robert A. Stewart, 229 El Caminito, Campbell, packing firm executive; John J. Wilson, 829 Lana Court, Campbell, Pacific Telephone; and Miss Carolyn Winter, 85 Fulton, Campbell, office manager, Alpha Photos.

they preferred the overpass to be off Rincon Ave., in case that street is ever reopened.

Three appeals from Planning Commission decisions are also on the agenda: one involves the denial of a use permit for a car wash operation at Winchester and Kennedy for Ira Brotzman; another is the PD (planned development) request of Fred Chez for property north of Pollard and the other is the zone change request (from R-1 to C-H) requested by Pan Pacific on Sunnyoaks.

The Council is also scheduled to adopt the necessary resolutions that will set Local Improvement District 18 (Hamilton-Bascom-Campbell) into operation. In a related matter, an agreement with the owners of La Fonda at Bascom and Campbell relating to the parking situation at the restaurant affected by LID 18 is also up for approval.

The councilmen are also expected to continue their discussion on the problem of priorities for industrial and residential streets as far as the use of street bond money is concerned. The matter was continued from the last meeting in order to obtain more information on the sticky question.

Also scheduled is the appointment of a new planning commissioner to fill the vacancy created by Kel Young's resignation.

the Commission included: a 164-unit apartment at 540 W. The Commission also granted a six-month extension to Solar Productions on the development on the northeast corner of Hamilton and Millich Drives.

Approved also was the use permit for a mobile home park on Los Gatos Creek with frontage on Camden Ave. The park will be located on Western Gravel Co. land that is being reclaimed along the creek.

The Commission also approved the variance for Dick's Automotive Center at 950 McGlincey Lane for a setback and recommended a zone change to R-3-S for property at 52 Michael Drive owned by William Byrnes and William and Frank Errico. The applicants indicated they planned to construct an apartment on the site.

Continued until May 19 was the application of Mr. and Mrs. Howard E. Guilbert for a use permit to allow West Valley College to continue to use for another two to five years their residence at 100 W. Latimer for office purposes. The commissioners wanted to examine the conditions listed in the original use permit.

After more than an hour's discussion, the public hearing on proposed modifications to the McGlincey Neighborhood Land Use Plan was continued.

A number of residents in the area concerned were present at the meeting as well as representatives of the Winchester Drive-In Theater operation which owns a 7-acre land-locked parcel now zoned R-3.

Some of the residents expressed concern over whether the theater planned to install a third screen on the parcel.

Recent wedding unites couple

ENSIGN AND MRS. MORRISON

Pensacola, Fla. is the new home for Ensign and Mrs. Theodore G. Morrison following their recent marriage in Medford, Oregon at St. Marks Episcopal Church.

Mrs. Morrison wore a white shantung crepe floor length gown, trimmed at the sleeves and hemline with lace, which she designed and sewed herself. She also wore a tiny gold cross given to her by her late godfather, George Davis, on the occasion of her christening in the same church in which she was married. She carried a bouquet of mixed spring flowers.

Miss Diane Hedburg attended the bride in a spring green floor length dress with a headdress and bouquet of spring flowers. The bride's mother, Mrs. Charles X. Heffner, wore a street length celery green jacket dress.

Mrs. Morrison, the former Marta Linn Heffner, is the daughter of Mr. and Mrs. Charles X. Heffner of Medford, Oregon.

Ensign Morrison is the son of Lt. Cmdr. (Ret. U.S.N.) and Mrs. Walton M. Morrison, 1227 Arroyo Seco Dr., in Campbell. Ted chose Ensign Ken Santoro as his best man.

A street length beige coat dress with mink boa was chosen by the bridegroom's mother for the occasion.

Following the ceremony the newly-weds greeted their guests at a champagne reception given by the bride's parents at their home. Registering the gifts was Miss Jean Morrison, sister of the groom, and Miss Marion Morrison, another sister of the groom, was in charge of the guest book.

Following the reception the young couple left immediately for Florida where Ensign Morrison is stationed.

Wayside Chapel scene of Peterson-Wertman rites

MR. AND MRS. JAMES LEE WERTMAN

The Wayside Chapel in Los Gatos was the setting for the recent marriage of Miss Linda Jean Peterson and James Lee Wertman.

The beautiful brunette bride made a lovely picture in her Empire style embroidered dacron-over-satin crepe gown. A Juliet cap covered with daisies held her matching floor length embroidered dacron veil and she carried a nosegay of white daisies and baby pink roses with satin streamers.

Her only attendant was Miss Rhonda Dunn who wore a yellow embossed peau de soie gown and carried a matching nosegay of yellow daisies.

Linda was a 1968 Campbell High School graduate and is presently a student nurse at West Valley College. She is the daughter of Mr. and Mrs. Eugene F. Peterson, 1249 Virginia Avenue.

Mrs. Peterson chose a mint green lace coat over a matching crepe dress for her daughter's wedding. A single white orchid corsage and bone accessories complimented her ensemble.

The bridegroom is the son of Mr. and Mrs. F. K. McDonough, 120 Amato Ave. in Campbell. James is also a Campbell High School graduate and attended West Valley College before becoming manager of the Taco Bell on Saratoga Ave.

Standing as best man was Eric Clowser and organist for the occasion was Mrs. M. C. Webb.

Mrs. McDonough wore an avocado jacket-dress ensemble for the occasion, with white accessories and a single white orchid corsage.

Following the ceremonies the newly-weds greeted 75 guests at a champagne reception held at Zorba's Restaurant before leaving on their wedding trip to San Francisco. The new Mrs. Wertman wore a navy and white linen dress with matching coat for her going away ensemble.

Mr. and Mrs. Wertman are now at home on Colonial Way in San Jose.

On display during the afternoon were paintings by the art students, including those of Oliver Johnson, who is confined to a wheel chair; hooked rugs by Mrs. Norma Moch and a display by Maryann Pasternak.

Artistic flower arrangements throughout the Center displayed the talent of the members interested in gardening and flower arrangements.

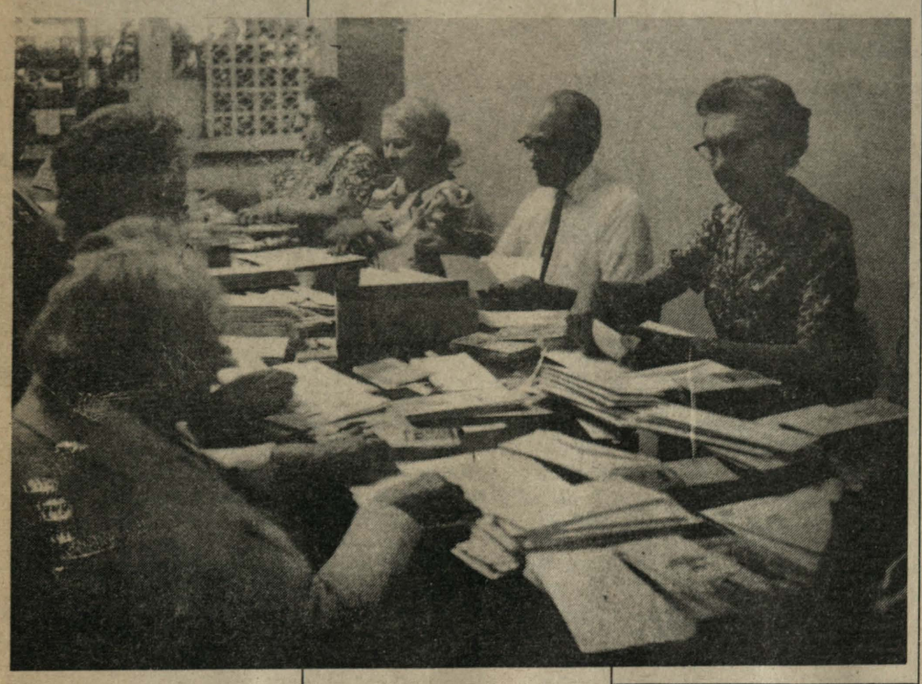
NO IDLE HANDS HERE--Jim Root, who acted as "supply sergeant" for the senior citizens engaged in stuffing envelopes for the American Cancer Society, is seen standing in the background. Other active seniors who are not complaining of boredom are clockwise, Helen Foley, Camille Gregory, Viola Koehncke, and at the end of the table, Olive Fritz.



THROW AWAY THAT ROCKING CHAIR--These active "senior citizens" don't have time to sit and rock anymore, when they have such worthwhile projects as stuffing envelopes for the American Cancer Society to keep them occupied. The group of 30 to 40 seniors meet once a week at the Westgate Shopping Center. Recently they stuffed 9,000 envelopes for the Cancer Society and enjoyed a good talk session at the same time Shown counter-clockwise are Mrs. James Root, Joe Gregory, Patty Machen, Lillian Hildebrand, Camille Gregory and Viola Koehncke.

College board changes policy on seat fees

West Valley College Board of Trustees have changed its policies regarding "seat fees" for students from other districts maintaining junior colleges outside Santa Clara County attending West Valley College to a flat $300 fee to the district from which they come.

Exempted from this provision are those districts which have a contract with the West Valley Joint Junior College District calling for an exchange of students without any costs to either district.

The change was proposed by Trustee Don Lindstrom during the course of a discussion on proposed inter-district agreements with such districts as Cabrillo, Peralta, San Mateo and San Francisco Unified.

San Jose City College agreement remains at $150 seat fee, and a uniform fee was established with the Foothill Junior College District of $150. Gavilan College already has a "no fee" agreement with West Valley College.

The Board also approved plans of a student organization, "Students Helping Other People" (SHOP), to solicit funds on campus for the Susan Bartholemei Foundation Fund. Miss Bartholemei is a Ukiah student incapacitated in an attack in which her boy friend was killed.

Trial of her two alleged assailants was moved to San Jose, and caused considerable interest here. SHOP is a joint effort of students at the University of California, Stanford University, University of Santa Clara, Foothill College, San Mateo College, and now, with Board approval, West Valley College.

Miss Ginny Bryant, student who appeared before the Board in this matter, was commended by Board members for her awareness and concern.

The Board approved tenure for 20 instructors, bringing the total on the West Valley College Campus of those having tenure to 89. In addition, 47 probationary faculty members were rehired for the 1969-1970 school year.

Gary Hubbard, 25, of 1128 Pembridge Drive, San Jose, was appointed to the newly-created position of Community Services Assistant at a salary range of $660-801. He has previously been employed at the San Jose Post Record, the San Jose City Recreation Department, San Jose State College Audio-Visual Department and the Public Relations Department of the Santa Clara County United Fund.

Light Dawns on Bathroom Decor

Alas, the poor old bathroom. Many of us have known it well, with its exposed plumbing pipes, its anemic mirrored medicine cabinet, its dim lighting and its general appearance as a decorating afterthought.

Now, consider the many things that can be done to spice up the bath and bring it into the realm of handsome room decor.

Starting on a bright note are new lighting fixtures or separate lighting units to add both increased illumination and decorating flair to the bathroom make-over.

Overhead fixtures shed new light on the wide range of water resistant wallcoverings to grace the bathroom walls in choices as far removed from the stereotype as velour wallpaper.

Water resistant fabrics, too, are now available in many colors and textures for bathroom draperies, shower curtains and furniture upholstery.

Many of the modern replacements for the old medicine cabinet, with its nearly naked bulb shining starkly above it, have built-in lighting. These range from fluorescent lamps above or flanking the cabinet's wall-to-wall mirrors to a model copied from a theatre dressing room and surrounded by exposed lamps.

A recessed fixture over the shower or a combination light, heater and ventilator in the ceiling shines down on colorful ceramic tiles that are a necessity to protect walls in the shower, whether it's in the shower stall or as part of the regular tub.

Another true advancement in bathroom decor is the installation of a built-in vanity. Not only does this cabinet conceal unsightly pipes of the lavatory, but it offers storage space for bathroom necessities. Additionally, its cabinetry — perhaps enhanced by the impact of chain-hung glass pendants above — gives the bathroom a finished look.

A small crystal chandelier for overall illumination gives the job a crowning touch of elegance.

Various financing plans are readily available in convenient monthly payments to property owners with steady incomes or established assets (for instance, a sizable equity in the property to be improved, or other recognized investments), according to Mr. Hoven.

STARTING WITH NEW LIGHTING to give over-all illumination and decorating impact, a drab old bathroom undergoes an elegant makeover. Wallpaper, new ceramic tile, perhaps a built-in vanity and new medicine cabinet help to create a special look. Suggested by Thomas Industries, makers of the lighting fixtures.

To avoid the disappointment of a poorly done home remodeling job and to assure "getting full dollar's worth," these rules are suggested:

1. Employ a contractor with an established place of business.
2. Be sure he has adequate financial references.
3. Get references from him of satisfied customers. If there is a local Better Business Bureau, check with it.
4. Be sure, as regards major projects, to have written agreement on plans.

Sun Inspires New Heating For Home

Does the sun warm the air around us? Answer, no — we do! And that's one reason why, come fall and winter, people may feel chilly even when the furnace is going.

The sun shines down on people and the earth without warming intervening air. Objects are warmed first, then they warm the air.

Radiation is the answer. Heat flows from warm to colder surfaces—thus, loss of body heat in cold weather may be due to radiation of warmth to chillier objects.

One new idea based on solar radiation principles is overhead heating. Ceiling-mounted electric panels radiate heat from above. Located near doors and windows where heat loss is greatest, the panels reduce body heat loss.

Everything in the room is warmed directly by the rays — a chair, a table, the floor, the walls, an adult, a child. Then the air warms.

Electric radiant heating panels have no moving parts, may be positioned on or in the ceiling and may be painted to match. Thermostats can be installed for each room.

Remodeling Protects Investment While Adding Enjoyment

Home improvement is essential to the health and happiness of the entire family — and it's easier than it seems.

So says Morris C. Hoven, who as president of the National Home Improvement Council is spokesman for the nation's remodeling industry.

"Remodeling is easy to do and a good investment, too," asserts Mr. Hoven. "Your present home represents a big investment — perhaps the largest of your lifetime. Safeguard, and at the same time update your property with careful planning of both improvements and ease of maintenance.

"In this way you protect and extend both the comforts and the economic life of your big investment, the home that you own."

Mr. Hoven, who is corporate vice president and general manager of Certain-teed Products Company, building materials division, offers some tips for homeowners who want to fix-up their dwellings.

"Look over your property carefully," he advises. "Decide what repairs are imperative, what improvements and conveniences are most needed or desirable for your enjoyment and better living. That's the economical way to remodel.

"When adding or converting rooms, make a list of the activities for which a room will be used. A room doubles its effectiveness when it can be used flexibly.

"For example, an adult bedroom ought to provide a quiet retreat for reading, sewing or relaxing. A dining room could certainly also serve as a second sitting room, a music room or library."

Building codes are established by most cities, towns and counties and vary considerably from one community to another. However, as a general rule, a building permit is required whenever structural work is involved or when the basic living area of a residence is to be changed.

For instance, the owner of a house with an unfinished area who wants to partition off a segment and complete it as a room would need a building permit in most localities. This is because the improvement changes the basic amount of living area in the house from storage space to livable space.

With so many scientists in today's academic community quoting only part of President Eisenhower's farewell address which deals with the "military-industrial complex" it is timely to look at the full text. It is interesting that within the context of his warning against a military-industrial complex he also cautioned against a "scientific-technological elite".

"A vital element in keeping the peace is our military establishment. Our arms must be mighty, ready for instant action, so that no potential aggressor may be tempted to risk his own destruction...

"Until the latest of our world conflicts, the United States had no armaments industry. American makers of plowshares could, with time and as required, make swords as well. But now we can no longer risk emergency improvisation of national defense; we have been compelled to create a permanent armaments industry of vast proportions. ....We annually spend on military security more than the net income of all United States corporations.

"This conjunction of an immense military establishment and a large arms industry is new in the American experience. ....We recognize the imperative need for this development. Yet we must not fail to comprehend its grave implications. ....

"In the councils of government, we must guard against the acquisition of unwarranted influence, whether sought or unsought, by the military-industrial complex. The potential for the disastrous rise of misplaced power exists and will persist

"We must never let the weight of this combination endanger our liberties or democratic processes. We should take nothing for granted. Only an alert and knowledgeable citizenry can compel the proper meshing of the huge industrial and military machinery of defense with our peaceful methods and goals, so that security and liberty may prosper together.

"Akin to, and largely responsible for the sweeping changes in our industrial-military posture, has been the technological revolution during recent decades. In this revolution, research has become central; it also becomes more formalized, complex and costly. A steadily increasing share is conducted for, by or at the direction of, the Federal government.

"Today, the solitary inventor, tinkering in his shop, has been overshadowed by task forces of scientists in laboratories and testing fields. In the same fashion, the free university, historically the fountainhead of free ideas and scientific discovery, has experienced a revolution in the conduct of research. Partly because of the huge costs involved, a government contract becomes virtually a substitute for intellectual curiosity. For every old blackboard there are now hundreds of new electronic computers.

"Yet, in holding scientific research and discovery in respect, as we should, we must also be alert to the equal and opposite danger that public policy could itself become the captive of a scientific-technological elite. ...."

Tickets can be purchased from any Little Leaguer or contact Joe McGrody, chairman, 378-9256.

Above three hungry Little Leaguers (left to right), Billy Patten, Mike Hoohler, Tommy Davis, pose with Joe Rodriquez, the head chef.

The Women's Auxiliary will conduct a bake sale in conjunction with the breakfast.

Campbell Center plans gigantic weekend sale

The Campbell Shopping Center, Latimer and Winchester, is going all-out over the weekend, May 9,10,11, with a bang-up sale combined with live entertainment and an art show. All of the stores in the center are prepared to offer a wonderful display of merchandise and services for sale and a continuous "open house" is being planned by the merchants.

A art show with over 40 artists participating will be one of the feature attractions, with artists coming from Santa Cruz as well as local members of the Campbell Artists Guild. Hostesses for the art show will be Loretta Ostrom, Bea Griffin, Jac Flitcraft, Paula Beam and Pat Kolden.

Also giving demonstrations during the day in the various art media will be Ruth Harrison Brown demonstrating flower miniatures and Dick Oliveas, vice president of the Guild, oil paintings; Don Schaller and Luba Haug.

The Judy Wilkins dance group will be on hand Saturday at noon to present an hour of entertainment to be followed at 1 p.m. by the "Sauerkraut Band", Campbell High School's own contribution to the musical events planned for the three day shopping spree.

Participating merchants include Lee Bros., Irwins Pet Store, Campbell Drugs, Winchester Liquors, Alb's Barber Shop, Irish Washerwoman, Laurel Variety, Action Realty, Si Jolie Coiffures, Walker Paint, Sparkle Clean, Black Knight Pizza and Laurentide Finance.

Campbell Center merchants are also giving away money prizes, and the artists will contribute several paintings, among them a Harry Dunlap seascape.

THREE DAYS OF BEAUTY--Over 40 artists will be participating in the three day outdoor exhibit and sale to be held in the Campbell Shopping Center, Latimer and Winchester, May 9, 10 and 11. Shown inside the Walker Paint Store at the center are several of the paintings that will be on display. On the left is Joe Cuffaro, manager of the Walker Paint Store. In the center with Loretta Ostrom, hospital chairman for the Campbell Artisits Guild is Bea Griffin, owner of the Home Art Gallery sponsoring the show and also the publicity chairman for the Guild. To the right is Jac Flitcraft, Guild president.

Home Beautification contest seeks entries

The Campbell Beautification Committee has launched a new contest, this one designed to reward the residents of Campbell who have been working so diligently about their homes and gardens and have made notable improvements during the last two years.

Judging will be done on May 22 and 23 and it is hoped that announcement of the winner can be at the May 29 CofC luncheon.

Emphasis will be made on the upkeep of the residence, according to Mrs. Jeanette Watson, Beautification chairman, rather than the value of the home.

New lawns, shrubs, painting or other improvements will be the areas of concern, and judging will be from the outside only.

SYMBOL SEARCH

The search for the symbol for Campbell continues, with 12 entries having been received so far in the Chamber office.

Mrs. Watson emphasized that the Beautification Committee is not trying to replace the already established identification logos that are already in use, such as the walnut trees. The new symbol will be a true representative of Campbell, its past, present or future and will be used in many ways to help promote and represent Campbell.

The contest was open to entries from different age levels, with elementary school, high schools, college and adults being judged and one selection from each field being entered in the final contest.

LITTLE LEAGUE AUXILIARY

Mothers of boys who will be playing in the Campbell Little League are invited to attend the May 13 meeting of the Little League which will be held at the home of Mrs. Norma Callentano, 2102 Saverio Court. 379-5449.

MASTERS EXHIBIT--Grace Purpura Andriola, 730 Emory Ave. held a graphic patterns and story sequence show in the San Jose State Art department recently. Grace has previously shown in Colorado, New York City, Phoenix, Los Angeles and San Francisco. She is presently completing her masters degree at San Jose State College.

RESOLUTION OF INTENTION OF BOARD OF SUPERVISORS OF COUNTY OF SANTA CLARA TO SELL REAL PROPERTY NO LONGER NEEDED FOR HIGHWAY PURPOSES

WHEREAS, County of Santa Clara has acquired for highway purposes certain real property no longer needed for such purposes, such property being more fully described in Exhibit A, attached hereto and made a part hereof as fully as if set forth at length herein,

NOW, THEREFORE, be it resolved, that pursuant to the authority of Section 960.4 of the Streets and Highways Code, the Board of Supervisors of the County of Santa Clara do hereby declare their intention to offer for sale the above described real property.

BE IT FURTHER RESOLVED that such real property shall be sold subject to the following terms and conditions:

1. The minimum amount which will be accepted for the sale of such property shall be the sum of Ninety Thousand and no/100 Dollars ($90,000.00).

2. The County of Santa Clara has purchased a preliminary title report from Title Insurance and Trust Company, San Jose, Escrow No. 320747. The successful bidder may close the transaction through this escrow if so desired at such title company. A copy of such preliminary title report is available for inspection at the title company.

3. All sealed bids shall be accompanied by a deposit in the form of cash, cashier's check, certified check or the equivalent made out to the order of the County of Santa Clara, or the title company listed in paragraph 2 above, in the amount of Nine Thousand and no/100 Dollars ($9,000.00). All oral bids from persons not submitting written bids shall be accompanied by a deposit in the form of cash, cashier's check, certified check or the equivalent, in the amount of ten per cent of the minimum price specified in this resolution. No bid shall be considered unless such deposit is enclosed or provided therewith.

4. Written bids shall be on forms provided by the County and the bidder must designate in such bid which payment option he has chosen. Before accepting any written bid, the Board of Supervisors shall call for oral bids. Any oral bid must exceed by at least five per cent the highest written bid. In the absence of written bids, the minimum oral bid shall be in the amount specified in paragraph 1. Final acceptance of an oral bid shall not be made, however, unless such oral bid is reduced to writing and signed by the offeror on a form provided by the County and indicating therein which payment option has been chosen.

No commission shall be paid unless there is contained in or with the sealed proposal the name of the licensed real estate broker to whom it shall be paid. No commission shall be paid in connection with a successful oral bid unless the oral bid, when reduced to writing, states in or with such written document the name of the licensed real estate broker to whom it shall be paid.

5. The County may accept the bid of the highest responsible bidder (written or oral) or may reject all bids, as well as waiving any and all defects or informalities in any and all such bids. Any sale may be cancelled at any time prior to the recordation of the deed, in which event all monies deposited shall be refunded without payment of interest. In determining the highest proposal, the Board shall not subtract therefrom any commission to be paid in accordance with paragraph 12 hereof.

6. Within sixty (60) days of the date of acceptance of the bid by the Board of Supervisors, the successful bidder shall (a) increase his deposit to twenty-five per cent (25%) of the amount of the bid in favor of the County of Santa Clara, and in addition, (b) deliver a cashier's check, certified check or the equivalent in an amount of the Real Property Transfer Tax payable to the County Recorder of the County of Santa Clara.

7. Upon receipt of the additional deposit and payment required in paragraph 5, the successful bidder may, in the alternative, meet either of the following terms:

(a) The balance of the purchase price to be paid in the form of cash, certified check, cashier's check or the equivalent in the sum of seventy-five per cent (75%) of the amount of the bid, payable in escrow within ninety (90) days after the date of acceptance of the bid by the Board of Supervisors; or

(b) The balance of the purchase price (seventy-five percent of the amount bid) to be evidenced by a promissory note by the successful bidder naming the County of Santa Clara as payee or obligee, such evidence of indebtedness to be secured by a first deed of trust (as a first security interest) covering the entire parcel being sold. Such note shall bear interest at the rate of seven per cent per annum to be payable on or before eighteen (18) months after date of recordation of deed. The deed of trust shall contain a clause providing for acceleration upon the alienation of title.

Upon receipt by County of all documents and money provided for in (a) or (b) above, and upon the recordation of such deed of trust, County shall record a deed in favor of the successful bidder.

8. Until the execution of and delivery to the successful bidder of the deed, the successful bidder acquires no right, title or interest or equity in or to such real property.

9. A failure of the successful bidder to increase the deposit or furnish the Real Property Transfer Tax provided for in paragraph 6 above, or a failure to comply with the provisions of paragraph 7 or any other provisions of this resolution shall give County the option to terminate the sales proceeding and retain from such deposit any and all expenses incurred by it and attributable to such sale proceedings.

10. The sale shall be without warranty, express or implied, and shall be subject to all liens, easements and encumbrances, whether of record or not, as of the date of recordation of the deed. The County of Santa Clara does not guarantee the condition of the property, nor does it assume any responsibility for its conformance to codes or regulations of the State of California or the city or county in which the property is located. It is the successful bidder's responsibility to determine all applicable building, planning and zoning regulations relative to the property.

11. Any and all expenses incurred in the transfer of title to such property to the successful bidder, including title insurance, escrow charges and Real Property Transfer Tax shall be paid by the successful bidder, with the exception that the County of Santa Clara will pay for the preliminary title report previously referred to.

12. In the event a commission is to be paid in accordance with the provisions of paragraph 4 above, County shall pay a licensed real estate broker commission in the maximum of six per cent of the purchase price, such commission, however, to be paid only in the event that the Board of Supervisors accepts a bid, only out of monies received by the Board of Supervisors for the sale of the property, and only after recordation of the deed. Such commission shall be paid as follows: Three per cent of the purchase price to the licensed real estate broker submitting the highest acceptable sealed bid and three per cent of the purchase price to the licensed real estate broker submitting the successful bid.

BE IT FURTHER RESOLVED that Wednesday, June 25, 1969, at the hour of 10:00 o'clock a.m. at the office of the Clerk of the Board of Supervisors in Room 524 in the County Administration Building, 70 West Hedding Street, San Jose, California 95110, is hereby fixed as the time and place at which sealed bids, in writing, for the purchase of such property will be received. The Board will open all such bids at a public meeting of the Board at the hour of 10:30 a.m., June 25, 1969, at the regular meeting place of the Board of Supervisors in the County Administration Building, 70 West Hedding Street, San Jose, California, and at which time and place oral bids will be received.

BE IT FURTHER RESOLVED that the Clerk of the Board of Supervisors shall publish this resolution pursuant to Section 6063 of the Government Code and shall post a copy of this resolution on the property and at two other locations customarily used by the County for the purpose of posting public notice.

West Valley Sports

SWIMMING TEAM

Once again it was all Ray Rivero on the West Valley College swimming scene. This week the Viking swimming star set two National Junior College records en route to winning three gold medals at the California State Swimming and Diving Championships at DeAnza last weekend. Rivero's three firsts led the WVC team to a 12th place finishing in the state with 54 points. He won the 200 yard back at 1:59.0, bettering the previous low by five tenths of a second, the 100 back at 54.7, tying the low, and the 200 individual medley at 1:58.7, lowering the meet record by more than a second.

BASEBALL

With a 10-10 record, the West Valley Vikings ended the 1969 baseball season with a firm hold on third place in the Camino Norte Conference. Larry Ray led WVC batsmen on the season with a .356 average while Milt Murata hit at a .354 clip. The Vikes lost their final game of the year to De Anza last Saturday 11-6.

GOLF FINALS

DeAnza and West Valley College have got to be termed the favorites at Monday's CNC finals at the Sonoma Golf Course, home of the Santa Rosa golfers. The tournament will pit the best of the conference against each other as they vie for individual and team honors. WVC hopes rest with Clayton Chu, Barry Mc Donnell and Dave Webb.

SUMMER SOCCER

A summer soccer program is being offered for the first time ever at West Valley. The league will be sponsored by the office of Community Services at the college as part of the Summer Recreation program.

FOOTBALL SIGN-UP

Football in May? Not exactly, but the 1969 grid season is just around the corner. Preparations for WVC's sixth year are already underway as Coach Bob Jones has tagged May 19 for the first meeting of his prospective combators.

TRACK STARS

Mike Toler, Rich Dunn and Bill Jones all took gold medals in the CNC Track and Field Championships to lead the West Valley College Vikes to a rather dismal fifth place showing. Toler's time of 53.6 is his best of the season and one of the tops in the state this year in the 440 yard intermediate hurdles.

TENNIS

With their best season ever, the West Valley tennis team ended CNC play last week with a 4-6 record. The season included two 7-0 wins in action two weeks ago with Contra Costa and Solano.

5. The County may accept the bid of the highest responsible bidder (written or oral) or may reject all bids, as well as waiving any and all defects or informalities in any and all such bids. Any sale may be cancelled at any time prior to the recordation of the deed, in which event all monies deposited shall be refunded without payment of interest. In determining the highest proposal, the Board shall not subtract therefrom any commission to be paid in accordance with paragraph 12 hereof.

6. Within sixty (60) days of the date of acceptance of the bid by the Board of Supervisors, the successful bidder shall (a) increase his deposit to twenty-five per cent (25%) of the amount of the bid in favor of the County of Santa Clara, and in addition, (b) deliver a cashier's check, certified check or the equivalent in an amount of the Real Property Transfer Tax payable to the County Recorder of the County of Santa Clara.

7. Upon receipt of the additional deposit and payment required in paragraph 5, the successful bidder may, in the alternative, meet either of the following terms:

(a) The balance of the purchase price to be paid in the form of cash, certified check, of seventy-five per cent (75%) of the amount of the bid, payable in escrow within ninety (90) days after the date of acceptance of the bid by the Board of Supervisors; or

(b) The balance of the purchase price (seventy-five per cent of the amount bid) to be evidenced by a promissory note by the successful bidder naming the County of Santa Clara as payee or obligee, such evidence of indebtedness to be secured by a first deed of trust (as a first security interest) covering the entire parcel being sold. Such note shall bear interest at the rate of seven per cent per annum to be payable on or before eighteen (18) months after date of recordation of deed. The deed of trust shall contain a clause providing for acceleration upon the alienation of title.

Upon receipt by County of all documents and money provided for in (a) or (b) above, and upon the recordation of such deed of trust, County shall record a deed in favor of the successful bidder.

8. Until the execution of and delivery to the successful bidder of the deed, the successful bidder acquires no right, title or interest or equity in or to such real property.

9. A failure of the successful bidder to increase the deposit or furnish the Real Property Transfer Tax provided for in paragraph 6 above, or a failure to comply with the provisions of paragraph 7 or any other provisions of this resolution shall give County the option to terminate the sales proceeding and retain from such deposit any and all expenses incurred by it and attributable to such sale proceedings.

10. The sale shall be without warranty, express or implied, and shall be subject to all liens, easements and encumbrances, whether of record or not, as of the date of recordation of the deed. The County of Santa Clara does not guarantee the condition of the property, nor does it assume any responsibility for its conformance to codes or regulations of the State of California or the city or county in which the property is located. It is the successful bidder's responsibility to determine all applicable building, planning and zoning regulations relative to the property.

11. Any and all expenses incurred in the transfer of title to such property to the successful bidder, including title insurance, escrow charges and Real Property Transfer Tax shall be paid by the successful bidder, with the exception that the County of Santa Clara will pay for the preliminary title report previously referred to.

12. In the event a commission is to be paid in accordance with the provisions of paragraph 4 above, County shall pay a licensed real estate broker commission in the maximum of six per cent of the purchase price, such commission, however, to be paid only in the event that the Board of Supervisors accepts a bid, only out of monies received by the Board of Supervisors for the sale of the property, and only after recordation of the deed. Such commission shall be paid as follows: Three per cent of the purchase price to the licensed real estate broker submitting the highest acceptable sealed bid and three per cent of the purchase price to the licensed real estate broker submitting the successful bid.

BE IT FURTHER RESOLVED that Wednesday, June 25, 1969, at the hour of 10:00 o'clock a.m. at the office of the Clerk of the Board of Supervisors in Room 524 in the County Administration Building, 70 West Hedding Street, San Jose, California 95110, is hereby fixed as the time and place at which sealed bids, in writing, for the purchase of such property will be received. SEA, THE (26 Minutes, COLOR)

As thrilling a sight as any that takes place at the stampede itself, this annual overland run may soon become a thing of the past as trucks take over. Wild horses are shown being rounded up and driven overland to market. It is a passing scene that oldtimers will remember with nostalgia. Cameras and sound recorders are in the right places to capture the full drama of the thundering herd driven over foothills, across rivers, and along country roads to the big corral.

THE STORY OF THE ST. LAWRENCE SEAWAY (13 Minutes, COLOR)

Combining parts of the St. Lawrence Seaway and Royal River in a film designed for the classroom, the early history of the waterway is recalled, and the seaway project described from its beginning to its formal opening by Queen Elizabeth and President Eisenhower.

"Inky" needs a new home

Anyone want a lovely black Persian cat for a pet? Mr. and Mrs. R. L. Taylor, who live in the Paseo Pasado mobile home park were "adopted" by the kitty, who wandered in cold, thin and hungry several months ago.

The Taylor's fed her, had her spayed, cleaned her up and named her "Inky".

But because of their being retired folks living in the mobile home, they feel that they cannot continue to provide her with the home she should have, and hope that some family needing a nice pet will find a place for her. Mrs. Taylor stressed that "Inky" is used to a quiet home and hasn't been around many children. If you want to meet "Inky" call Mrs. Taylor at 377-5426.

As I View It

BY JOHN W. GILBAUGH

Grist for the dissident professors' propaganda mill is being produced by the use of two simple, but loaded words. By combining these two words into a catchy phrase, professors have created a weapon which is being used to make parents tremble and legislators quake. And, with it the public is being led to believe that the system of higher education is on the verge of total collapse. The words? Brain drain.

With considerable effectiveness the dissident, anarchist, and revolutionist professors are conveying the message to the public that the brightest minds on college and university faculties are being lured to greener pastures. That the brains of the intellectually elite professors are being siphoned off by business, industry and richly endowed colleges and universities in far-away places. Strangely enough, most of those who spew the brain-drain propaganda emanate from the ranks of the dissident professors. This would lead one who probes beneath the thin surface of the brain-drain scare, to question if subversion, anarchy and revolution are equated with intelligence by the subversives, anarchists and revolutionists who are dispensing the sucker bait.

At any rate, the bully boys of academe are threatening a mass exodus from college campuses to force a stoppage in the flow of knowledge. And, they would have the public believe that the educational processes will grind to an abrupt halt with the absence of their disruptive antics. Quite the opposite is true, however.

The dissident and anarchist professors who engaged in the recent, illegal strike at San Francisco State College, and San Jose State College, along with their sympathizers on other college and university campuses, would make a most substantial contribution to higher education if they made good on their threat. That is, to leave it. For, who would miss a recurrence of the disruptive blasts, "On Strike, Shut It Down", fired through classroom corridors from 12-gauge bullhorns by members of Academic goon squads during the recent, abortive strikes?

Who would miss the four-letter obscenities hurled at the Governor of California, members of the State Legislature, Regents and Trustees? Would these elective and appointive officials miss them? Apparently not. For, college administrators have reassured these officials by vouching for the professional competence of the subversive, anarchist and revolutionist professors. Furthermore, college presidents insist that it would be impossible to replace them with candidates of comparable degrees of distinction.

Because the college administrators who imported the revolutionists are viewed as honest men, their word has been accepted by public officials, who, now have missed their single opportunity to restore peace and tranquility to California Higher Education.

This, by failing to impose the resignation regulation already on the law books, which provides the basis for separation from employment of any state employe who absents himself from assigned duties, without authorization, for five consecutive days. Full reinstatement for all those to whom this rule applied, who have returned to their classrooms, has been recommended by college officials.

Meanwhile, taxpayers must take a new measure of the endurance of their patience. And, despair at the great, ever-widening chasm which separates the words from deeds of elected governmental officials. Chasms, which have become too wide to span with bridges of broken promises.

Perhaps taxpayers, while stretching their patience, might find the brain-drain philosophy of the dissident professors more palatable if they could find strength to submit to a system best described by paraphrasing Tennyson: Ours not to make reply, Ours not to reason why, Ours but to pay taxes and sigh.

Lawyer's Wives plan house tour

"Springtime in Almaden" is the theme for the house tour and fashion show to be sponsored by the Lawyer's Wives Club of Santa Clara County on May 23. A tour of five different homes will be followed by a fashion show and luncheon at the Almaden Country Club.

Refreshments will be served at the second home on the tour.

Proceeds from the event will go to the Mary Kahle scholarship fund which sponsors a Santa Clara County law student each year. Reservations for the tour and luncheon may be obtained from Mrs. Bruce Christenson, 1119 Ginger Lane, San Jose. Deadline for reservations is May 16.

Mrs. Eric Carlyle is serving as chairman of the event which will be held from 11 a.m. to 4 p.m.

BPW RECEIVES

The Campbell Business and Professional Women's Club received top award for a 91% membership increase during the past year, from the California Federation of Business Women's Clubs at the Peninsula District Annual Conference, held in Palo Alto recently.

A certificate, in recognition of Campbell's achievement, was accepted on behalf of the Campbell Club by the newly elected president, Mrs. Dorothy Trevethan.

Miss Verna Miller, junior past president, was elected Chairman of the Nominating Committee for the Peninsula District for the coming year.

NEW STUDENT RATE

"Show Boat", the San Jose Light Opera production now playing to packed houses May 9, 10, 16 and 17, has established a new student rate of $2.50 per individual in groups of 20. The delightful musical is playing at the Montgomery Theater in San Jose. Two Campbell girls, Meredithe Boyd and Tina Easton are to be seen in the production.

Parents plan culmination meet May 7

Neighborhood forums or parent discussion groups which have been an integral part of parent-school relations in the Campbell Union High School District for the past 13 years will hold their yearly Culmination Meeting on Wednesday, May 7 at 7:45 p.m. in the Cafetorium of Del Mar High School, 1224 Del Mar Avenue.

Bringing to a close a successful year of discussion groups and in accordance with their general topic "Better Understanding Our High School Youth" the members will participate in a panel on "Drugs and Youth - What is the Picture", and will share group recommendations and suggestions for the school district.

The panel will include: Judge Gerald Chagin, presiding Judge of Santa Clara County Juvenile Court; Dr. Lois Lowden, medical director of the Adult and Child Guidance Clinic; and Louis Bergna, District Attorney of Santa Clara County. From the school district will be Dr. Nicholas Montesano, Superintendent Designate, and Mrs. Arta Jo Chambers, District Psychologist.

The panel moderator will be Haskell Bowen, from the Campbell Union High School District, who has written a book "Drug Abuse" which is widely used throughout Santa Clara County.

Participants in the parent groups throughout the district, who have been meeting all winter to discuss better ways to understand their teenagers will attend.

All groups have been meeting in homes, with a leader and recorder chosen from the group. Also in attendance will be consultants or resource people for the groups from the administrative staffs of the schools and the district.

The meeting is open to the public and all are invited to attend. Mrs. Helen S. Andres, assistant superintendent of the Campbell Union High School District at 275 E. Campbell Ave., may be called at 379-4710.

Campbell mother of eight "keeps busy" with many activites outside her home

By Frances Clever

BY FRANCES CLEVER

Mother's Day will be observed this year on Sunday, May 11, and in observance of the day, The Campbell Press selected Mrs. Patrick J. Sullivan, a vivacious mother of eight lively children, all under the age of 10, as exemplifying the image of Mother's Day.

Maggie, as she prefers to be called, somehow manages to be a total mother in all fields. She keeps a shining home, sends children off to school clean and well-behaved, bakes, sews all of her children's clothes, participates in school and church activities, and still finds time to go square dancing with her husband Pat.

The list of her activities is enough to overwhelm the harried mother of three or four children, but Maggie sails serenely on and finds time to help out neighbors in time of illness with a casserole or a helping hand in the household chores.

You name it and Maggie does it. Church? She is a member of St. Lucy's Mothers Guild for six years and also teaches the fourth grade Confraternity of Christian Doctrine at St. Lucy's, for which she has just received her third year certificate.

School? She has been a room mother at Hazelwood School for six years and is an active participant in the Family Life Education Association discussion group.

Children's activities? Maggie is Pack Hostess for Cub Scout Pack No. 377, and has served for three years, and she is also co-leader for Brownie Troop 826.

In the Rincon Avenue neighborhood she has served as chairman of the Rincon Babysitting Co-op and in the fourth of July neighborhood parade, the Sullivan children are always active participants in costumes designed and made by Mrs. Sullivan. Several of the children are taking piano lessons.

How about outside of the family? Maggie and her husband Pat, who is an employment supervisor at Western Electric Co. in Sunnyvale, are active members of a square dancing group and enjoy bowling and pinochle together, and try to plan a family outing at least once a week.

The Sullivans live in a two story, six bedroom two bath home at 2289 Wren Way. The original four bedroom home was expanded last summer by the addition of two bedrooms over the garage. The dining room is really small compared to the number of "sit-down eaters", and one of the bedrooms is presently being used as a playroom, which limits the bedroom occupancy to two persons each.

The family consists of four boys and four girls. Patrick, Jr. is 10, followed by Mary, 9; Michael, 8; Joan, 7; Margie, 5; John, 4; Ann, 3; and the year old baby James. A ninth addition to the family is expected in September.

The Sullivans came to Campbell from Chicago six years ago, and have integrated themselves into the community so that they seem like "old-timers".

Pat, himself, could well be "Father of the Year", and his activities include serving as treasurer of the Hazelwood Home and School Club; president of St. Lucy's C.C.D.; Cub Scout Pack 377 institutional representative; member of Holy Name and St. Basil's and he bowls, golfs and loves baseball.

Campbell merchants, when hearing of Mrs. Sullivan's selection as "Mother of the Year", have joined in making Mother's Day a big occasion for her.

The Silver Coach restaurant on Hacienda is inviting Mr. and Mrs. Sullivan to have dinner at their new establishment where they will enjoy watching "observation cooking", and The Sveden House, on Campbell Ave., is also looking forward to hosting Mr. and Mrs. Sullivan at dinner.

The Taste Good Bakery, 384 E. Campbell Ave. is baking a heart shaped Mother's Day cake; Campbell Floral Shop, 76 E. Campbell Ave., will have a lovely corsage for her; The Plaza Theater, 2501 Winchester Blvd. will entertain the Sullivans on an evening of their choice, the Campbell Sporting Goods honored her with a bottle of pink champagne, while a leading dress shop, Colleen's, felt that a lovely nightgown and slippers were what every mother should have.

An evening at The Gaslighter Theatre followed by two giant pizzas at the Straw Hat is also in store for Maggie and her husband.

Ever wonder why the Kentucky Derby is called a "Derby"? . . . Well, in 1780 in England, the Earl of Derby founded a famous horse race for 3-year olds at Epsom and it was called "Derby's Race at Epsom" . . . Later, it became, simply, the Epsom Derby, and when the folks in Louisville started their race in 1875, they borrowed the name and called it the Kentucky Derby.

Some baseball fans go a whole lifetime without ever seeing a triple play -- but fans who attended a minor league game in Ponca City, Okla. June 28, 1957 had the unusual experience of seeing not only one triple play, but two of them -- IN SUCCESSIVE INNINGS! . . . Hang up your gloves.

Get a dishwasher.

Throw in the towel too—because a dishwasher is also a dishdryer. Fact is, a dishwasher is a real heavyweight when it comes to taking work off your hands. New models even come with pre-rinse cycles to eliminate hand rinsing. (A dishwasher also gives you a place to store dirty dishes out of sight until you're ready to wash them automatically.)
